

# **Residue Situation on Germany**

Presentation on behalf of PAN Germany  
23.6.2006

## Background

- 16 federal states are responsible für food control - 39 laboratories
- Central data collection at Bundesamt für Verbraucherschutz und Lebensmittelsicherheit (BVL)
- Annual separate „Monitoring“ for selected crops (coordinated by BVL)
- Öko-Monitoring and focus on „high risk“ crops by Länder

- Last data from 2004
- 39 laboratories tested for altogether 638 pesticides
- 281 were found
